FIVE LABORERS DROWNED IN
EXCAVATION TODAY IN
MONTGOMERY.

SEVERAL OTHERS ARE BURIED

Believed Fourteen Men Caught Under
Falling Earth—Exact Number
is Yet Unknown.

Montgomery, Ala., Oct. 30.—While
a gang of negro laborers were at
work today in a deep sewer excava-
tion a four inch water main burst,
flooding the trench. Five negroes
were drowned before they could es-
cape. The rush of water caused the
banks on either side to collapse,
burying several workmen. It is be-
lieved 14 were caught under the
falling earth, but it is impossible at
this time to give the exact number
of missing.

HOOE FOUND GUILTY

(Bulletin.)
Pittsburg, Pa., Oct. 30.—Hooe was
found guilty of perjury today in the
famous Hartje divorce case. He
made infamous charges against Mrs.
Hartje which he afterwards denied
on the stand.

Pittsburg, Oct. 30.—Arguments of
rival attorneys in the Clifford Hooe
perjury case, followed by Judge Fra-
zer's charge to the jury this morning
brought an end to the details of the
trial, which for scandal is unsur-
passed in Pittsburg.

CONFLICTING

Are Stories Told by Bray Who Mur-
dered Allen Boone This
Morning.

Norfolk, Va., Oct. 30.—Edmund
Bray, meeting Allen Boone on the
steps, buried a dagger in Boone's
heart this morning. Boone fell dead
the corpse rolling down the steps.
Bray leaped over the body and made
an effort to escape, but was captured
and after the excitement, which fol-
lowed time threatened to result in a
riot was quelled, he was landed in
jail. Bray tells conflicting stories of
the trouble.

SUPREME COURT

Holds Quashing of Zurborst Indict-
ment Was Without Legal
Justification.

Columbus, Oct. 30.—The quashing
of the criminal libel indictment
against Edward Zurborst, ex-United
States collector of Sandusky, was
held by the Supreme court today to
be without legal justification. The
indictment was based on a circular
issued by Zurborst, flaying his suc-
cessor, Collector Judson. The in-
dictment was quashed on the ground
that he did not send out the alleged
libelous matter, but only described
the circular by giving the title.

DECOSTA ARRESTED ON PERJURY CHARGE

Pittsburg, Oct. 30.—The trial of
Clifford Hooe, former negro coachman
of Augustus Hartje, millionaire paper
manufacturer of this city, charged
with perjury in connection with the
Hartje divorce case, had a sensation
in the arrest of William Decosta, a
negro tailor immediately after he had
testified that Mrs. Hartje had fre-
quently visited his establishment for
the purpose of meeting Hooe. Decosta
was taken into custody by a private
detective agency and an information
charging perjury will be preferred
against him.

wife is journeying from Upper San-
dusky, Ohio, to join him in a new
home at Oklahoma City, E. S. Adams
lies dead as a result of taking poison
either from suicidal intent or the re-
sult of a plot to murder. It is reported
that Adams had diamonds but they
cannot be found.

PRIESTS OF BELEN, CUBA, FORETELL THE COMING OF CYCLONES AND STORMS

FATHER LAURENT
GANGOTTI

Havana, Cuba, Oct. 30.—A small
group of Jesuit Fathers of the Ob-
servatory of Belen have been called
for many years the pioneer fore-
casters of hurricanes, because, through
their timely warnings, "the inhabit-
ants of Havana have been accus-
tomed to hear of these phenomena long
before their near approach."

This was said of their service
shortly after the war with Spain,
when a careless writer wrote that
the Cubans were not interested in the
United States branch-weather bureau
established in their city for the rea-
son that its reports were "a most

MRS. MARY EDDY INTERVIEWED BY CORRESPONDENTS

EVIDENT CHRISTIAN SCIENCE
LEADER IS NOW FAILING
RAPIDLY.

IS SUPPORTED BY HER NURSE

On Way to Carriage She Said in Half
Audible Voice She Has Had No
Physician.

Concord, N. H., Oct. 30.—After an
exhaustive inquiry your correspondent
is today able to state that Mrs. Mary
G. Eddy still retains a great portion
of her intellect and is able to give
general consideration to affairs and
has not become a practical imbecile,
as said, but it is true she is failing
rapidly.

An interview with Mrs. Eddy was
arranged by newspaper men here to-
day through her attendants in an at-
tempt to disprove the charges that she
was ill and under the doctor's care, in-
firm from old age and that Christian
Science affairs were managed by ser-
vants. Mrs. Eddy answered the re-
porters' questions while on her way to
her carriage for her daily drive. It
was evident she was very weak and
was supported by her nurse. She de-
nied that she was not well and that
she had any other physician than God
in a half audible voice.

IRELAND'S PATIENCE

Exhausted by Landlords and Redmond
Recommends Compulsion.

London, Oct. 30.—John E. Redmond,
Irish leader, moved the adjournment
of the house of commons in order to
call attention to the lack of progress
in the matter of reinstating evicted
tenants in Ireland owing, the speaker
alleged, to the landlords hindering the
operations of the land act by refusing
to sell untenanted lands. The land
commissioners were consequently un-
able to provide farms for evicted
tenants. Mr. Redmond said it was
obvious that the government must re-
sort to some system of compulsion.
The patience of the Irish people was
becoming exhausted and the Irish
party thought that Chief Secretary for
Ireland Bryce ought to grapple with
the matter vigorously. Replying to
Mr. Redmond, Mr. Bryce said if the
remedy is compulsion, the govern-
ment may have to come to that.

AND WARNING SENT OUT BY FATHER GANGOTTI.

radical change in their accustomed
methods."

It is quite likely they were. For
half a century they had been receiv-
ing the most reliable information
about the weather from this group of
modest and accurate meteorologists. It
was from them that the first fore-
casts of West Indian storms proceed-
ed before the art was born elsewhere
and that they are still masters in this
important field was signally proved
by the recent cyclone. Hours in ad-
vance of the storm from which the
western end of Cuba so severely suf-
fered word came from Father Gan-
gotti, director of the Belen observa-
tory, that the mightiest wind of

years was speeding from the south.
In a short time extras were out ad-
vising people to seek shelter; "phones
rang in camp, boats hurried to ships
and American soldiers and sailors
made all snug for the predicted blow.
It came on time to the minutes and
along the expected track. The wind
bore down walls, collapsed houses
and devastated parks; tumbled over
ships, and brought disaster to vil-
lage, town and farm for miles.

But it cannot be told how many
lives were spared or millions saved
by Father Gangotti's warning. This
can only be guessed at. It is the be-
lief of Cubans that he saved the peo-
ple from unutterable woe and wide-
spread ruin, for his warning was
generally obeyed.

OLDEST MAN IN LICKING COUNTY DIES AT THE AGE OF 106 YEARS

Michael Burk, the oldest resident of Licking county, died at the
age of 106 years at the home of his son, Patrick Burk, of 272 Wil-
son street, Monday night at 8:30 o'clock. Death was the result of
the kick of a horse sustained about five weeks ago, since which time
Mr. Burk's health has been failing rapidly.

Mr. Burk was born in County Mayo, Ireland, and came to Amer-
ica in 1829, and upon landing in New York walked to Philadel-
phia, where he soon became engaged in railroad stone bridge con-
tracting. He did contracting for some of the largest and oldest roads
in New York, Pennsylvania, Kentucky and Ohio, having had charge
of a great amount of the work on the old New York Central and
Hudson River lines. The deceased made his home for several years
with his daughter, Mrs. Mary Bird, of Hannibal, Mo., from which
place he later removed to Ashland, Ky., coming to this city fourteen
months ago, to make his home with his son, Patrick, a member of
the Italian Banking company of this city. The son is well known
over the city, being a fluent conversationalist in the English, Irish,
German, Italian, Spanish, Hungarian, French and Slavonic lan-
guages.

Mr. Burk was a man of remarkable vitality, having never known
a day's illness in all his long life. He was gifted with the second
senses, possessing a clear eyesight, an excellent hearing and an in-
fallible memory. In appearance he was slightly under the average
height, but was erect as an arrow. He spoke with a rich Irish brogue
which was very pleasant to the ear, and his youthful bearing and
joyful nature made a great number of friends in the city during his
residence here. Shortly after arriving in Newark, Mr. Burk jokingly
issued a challenge to wrestle with any Licking county man over 100
years of age.

The deceased leaves a family of four children. Patrick of this
city; M. C. of Cincinnati; Mrs. J. R. Bird, of Hannibal, Mo., and
Miss Kate Burk of Ironton, O. The funeral will take place probably
Thursday, although the details have not been completed.

TWENTY THREE PEOPLE DROWN IN SINKING GERMAN STEAMER

OSTEND, BELGIUM, Oct. 30.—(Bulletin.)—Twenty-three persons
were drowned today in the sinking of the German steamer Hermann,
bound from Antwerp to the Mediterranean. The steamer collided with
an unknown ship while passing through the English channel and went
down.

STEAMER IS LOST

Alpena, Mich., Oct. 30.—Search for
the missing barge Cathoon, has fail-
ed. It is now believed she has sunk
with all on board. She was in tow of
the steamer Warren, near Thunder-
Bay Island Saturday night and dis-
appeared in the storm.

HAWAII THE STARTING POINT

Pictures Jap Capture of Philippines
But Says Uncle Sam Would
Eventually Be Victor.

Washington, Oct. 30.—F. M. Hatch,
former official representative of Ha-
waii in Washington and one of the
signers of the treaty which made the
Hawaiian Islands part of America,
believes there would be a hot time in
the Pacific should the United States
and Japan lock horns. In the first
place should trouble arise, he pre-
dicted this morning that it would be
in Hawaii. Owing to the fact that
50,000 Japanese, two-thirds of whom
are reserves in Japan's army are in
the islands, and only 10,000 Ameri-
cans are there, there would be little
doubt as to the immediate outcome.
In his mind he also pictures the Ja-
panese fleets swooping down upon the
Philippines and gobbling them in an
hour. "With our resources of men
and wealth," he should win eventual-
ly. "But the time has not come for
war with Japan," continued Mr.
Hatch. "It will come some day, but
not about such disputes as San Fran-
ciscoans have stirred up."

SCHOOL BOARD

Will Not Recede from Its Position to
Separate Japanese and White
Children.

San Francisco, Oct. 30.—In spite
of the pressure from high sources
the school board has not receded
from its plan to segregate Japanese
and white children. The president
of the board says the action by the
body is in compliance with the law
and unless the law is declared a vi-
olation of the treaty obligations the
board must adhere to its ruling.

MARSHAL SHOT

Mob Formed to Lynch Negro

Was Taken Away.

Franklin, O., Oct. 30.—Geo. Bow-
ers, city marshal, was shot and killed
by Henry White of Springfield, a
negro whom he attempted to arrest
this morning on the charge of bur-
glary. The negro fired five shots in
to the marshal's breast. The mur-
derer fled but was soon captured and
taken to the Lebanon jail. A mob
which formed attempted to take him
from the officers. Cooler heads suc-
ceeded in getting the prisoner away.
Members of the mob threatened to
go to Lebanon and storm the jail.

ex-Governor's last appearance in this
city prior to the election, and he was

sis on the tariff and the trusts. In

MORE BODIES FOUND TODAY UNDER TRUCKS

CORONER'S JURY HOLDS FIRST
SESSION TO INQUIRE INTO
SUNDAY'S WRECK.

LATEST THEORY IS ADVANCED

By Police Chief Who Thinks Week-
ers Caused Disaster—Sixty-Six
Number of Deaths.

Atlantic City, Oct. 30.—Several ad-
ditional bodies of victims of the rail-
way disaster at Thoroughfare draw-
bridge were discovered today by div-
ers in the mud under the trucks of
the second car. Efforts are being di-
rected to getting these corpses to the
surface. From eight to fourteen pas-
sengers on the train are still unac-
counted for. It is expected the total
deaths will be fixed at 66. The cor-
oner's jury held its first session this
morning.

Atlantic City, Oct. 30.—That wreck-
ers are responsible for the railway
disaster of Sunday is the latest the-
ory advanced to account for the acci-
dent, and it is given on authority of
Chief of Police Maxwell. The police
have discovered that Daniel Siewart,
the bridge tender, had trouble
with river pirates and has twice
been assaulted because of warfare
upon them. Maxwell believes it is
more than possible that some rough
element may have tampered with
the draw out of revenge.

Atlantic City, N. J., Oct. 30.—What
the public wants to know about the
wreck of the electric train, which
leaped from a bridge into the "Thor-
oughfare," is what caused the cata-
strophe.

Interest now centers in the work of
the coroner's jury which made a care-
ful inspection of the scene of the
wreck and the drawbridge at which
the train left the rails. The jury ac-
companied by Coroner Gaskill, Pros-
ecuting Attorney Abbott, City Solicitor
Wooten and several other city offi-
cials proceeded to the scene of the
tragedy. At the bridge they were
joined by Mayor Story and W. W. At-
terbury, general manager of the Penn-
sylvania railroad.

Mr. Atterbury discussed the disaster
freely but when asked to give his
theory as to the cause, he replied that
it still is a mystery to him. "I still
believe," he declared, "that there was
nothing wrong with the rails of the
bridge. I am inclined to think that
the cause will be ascertained when
the first coach is examined." Mr. At-
terbury himself showed the jurors
how the bridge is operated and ex-
plained in detail the manner of open-
ing and closing the draw. On their
return to this city the jury decided
to hold the first session of the inquiry
Thursday.

At the scene of the wreck there
were many pathetic incidents. The
wrecking crews brought one of the
cars to the surface and divers work-
ing in relays brought up bodies until
their task was completed and they
reported that no more dead remained
either inside the second car or any-
where in the vicinity.

The total number of dead is placed
at 53, of whom 49 were identified.

EX-AUDITOR CHARGED WITH CHICKEN THEFT

Mansfield, Oct. 30.—John Numa-
maker, former county auditor, was
arrested this morning charged with
chicken stealing. Phillips Hecker, a

missing and having reason to believe
the fowls were in Numa-maker's barn,
secured a search warrant. The war-
rant was served by Captain Charles
and the birds were found in the barn.
The case will come up for hearing to-
morrow evening.

PASTOR IS AUTHOR

Rev. Carl G. Doney formerly of Granville and the King Avenue Methodist church, Columbus, has just succeeded in having his latest book, "The Throne Room of the Soul," from the publishers.

The text is pronounced to be the kernel of 35 luminous sermons, most suggestive and full of inspiration, and include whatever may be said about the culture of the soul, which is the real theme of the work. The book is especially recommended as one being helpful and inspiring and one to be enjoyed by the student preacher.

WELL DESERVED

The Praise That Comes from Thankful Newark People.

One kidney remedy never fails. Newark people rely upon it. That remedy is Doan's Kidney Pills.

Newark testimony proves it always reliable.
F. Lisey, commission merchant, of 30 South 4th St., Newark, O., says: "I have had no occasion to use any kidney medicine since 1896, and therefore think more than ever of Doan's Kidney Pills. They cured me eight years ago and I made a statement for publication at that time recommending Doan's Kidney Pills. This statement I will repeat for the benefit of other sufferers from kidney troubles."

"For several years I was distressed and annoyed with pain in the back just over the kidneys and whenever I stooped or tried to lift anything the trouble became acute. Treatment had failed to bring me relief and at last I had aside the prescriptions I had been using and went to Crayton's drug store for a box of Doan's Kidney Pills. The use of this remedy proved so effective that my back has been sound ever since I used Doan's Kidney Pills eight years ago. I therefore have no hesitation in recommending them to others."

LANGDON STAYS.

Court Holds That He Is Incumbent Instead of Ruef.

San Francisco, Oct. 30.—As a result of developments in the superior court, District Attorney W. H. Langdon has been judicially recognized as the incumbent of the office to which Abraham Ruef was last week appointed. Two members of the grand jury chosen last week were discharged because of failure to qualify and seven others are to be examined to determine whether or not they are qualified to sit in judgment upon the charges of malfeasance and corruption in office to be submitted by District Attorney Langdon and Francis J. Henry, acting as his assistant. An attempt to debate the question at issue was overruled. Judge Graham's decision means that the appointment of F. J. Henry, as assistant district attorney, stands and that the indictment and prosecution of alleged municipal grafters will go on.

AMUSEMENTS

TOMORROW NIGHT.

Nor like Jules Verne, to be carried ahead of his time many years, but rather to be transported rearward nearly four centuries in less than four minutes, is what happens to him who witnesses Ernest Shipman's great production of "When Knighthood was in Flower." The scenery used in staging the play has been prepared by the best scenic artists in New York after minute descriptions of the different localities about which the play is woven. The settings and properties are beautiful and are exact reproductions of antique originals in the museums of England and France, where the action of the play is laid. The company which is headed by Grace Merritt who appears as "Mary Tudor," is not only an excellent one, but is finely balanced. Mr. Carroll Daly has been specially engaged as Charles Brandon, and from the rise of the curtain to its final fall each member lives in the year 1513, and all together carry the watcher to the year and keep him there, filling him with chivalric emotions and impulses, and letting not his interest abate until the last fraction of a second of the play.

GOLD SEEKERS HAD SCRAMBLE

When They Reached Reservation It Was Held by Squatters.

OPENING MAY BE ABROGATED

Signal Was Fired for Prospectors to Start by—Terrific Race Across the Desert With Racehorses, Vehicles and Automobiles and Many Arrived Too Late to Get Claims.

Thorne, Neb., Oct. 30.—The opening of the Walker Lake reservation was not as imposing as it promised to be on account of the fact that countless numbers of miners had flocked in during the night and early morning, completely overwhelming the Indian police, of whom there were only 14 to guard 75 miles of territory. Special Land Agent Parkes says there is yet a possibility that the present opening may be declared invalid and a new opening ordered.

Those who had waited for the signal from the top of the mountain grant before rushing into the reservation found that all the most valuable claims in the vicinity of the rich "Dutchman's Cottonwood," and numerous other creeks emptying into the southwestern section of Walker lake, had been taken up by men who had rushed in the night before contrary to law. Even men who employed launches to take them across Walker lake from the eastern side found that their efforts were of no avail, as they were much too late to be on equal footing with men who disrespected the law.

The signal given for the start to the reservation was the firing of a big dynamite blast on top of Grant peak, the highest point of the neighboring mountains. At the given signal hundreds of searchers for gold hurried over the boundary lines of plain and mountain and before the great cloud of smoke that followed the dynamite explosion had drifted away a spectacular race of automobiles, race horses and vehicles was on. So great was the rush across the desert that the line nearest Hawthorne that a number of persons narrowly escaped being trampled over and in numerous instances injuries were reported. Horses were ridden until they dropped and automobiles became stalled in the deep sands. Jaded and overcome by thirst, numbers of prospectors barely summoned enough strength to make their locations.

SHAW SAYS
He Is Surprised at the Complaints About Gold Exports.

Minneapolis, Oct. 30.—Secretary of the Treasury Leslie M. Shaw arrived in Minneapolis to assist Congressman McCleary in his campaign. When asked about his recent facilitation of gold imports and deposits of public money without the payment of interests, Mr. Shaw said: "It is surprising that anyone should complain of the importation of this gold. More than ten carloads, \$100,000,000, was brought from Europe and Australia without expense to the government and it all entered into the channels of trade in the United States." It is due to say, however, that no effort was made to relieve the situation until these men, manufacturers, merchants, builders and others began to complain that they were compelled to pay excessive rates of interest. I keep in touch with the whole country and try to do what I shall again try to do if the occasion requires it, to steady conditions. During the summer when money was excessive and speculation was thereby invited, I withdrew money from the channels of trade and locked it up. When it was needed I released it."

Still No Investigation Into the Public Misfortune.

In the absence of any investigation by the court of common pleas into the facts and circumstances connected with the Licking county wholesale jail delivery of a month ago, it is with regret that the Advocate utters a word of comment concerning the public misfortune.

Mr. Redman, the Sheriff, is a candidate for re-election on the Republican ticket; but if an official investigation by the court would exonerate him from any responsibility or inefficiency and relieve him of any charge of having an incompetent or untrustworthy man in his service as jailer, the Advocate would gladly publish such a vindication.

But the common pleas court has taken no such action and many important facts connected with the grave affair are kept a mystery. The public is given no opportunity to obtain official knowledge of the cause of the escape of those desperate prisoners or whether there was negligence, incompetency or collusion, and if so, who are the responsible parties.

The County Commissioners, too, have been wholly indifferent as to the duty and responsibility with which they are entrusted in this grave matter. The prisoners are still at large though a month has elapsed since their escape. Not one of the seven has been recaptured. Yet the commissioners have acted with utter indifference to the matter and have offered no additional reward to the public.

Are there mysterious circumstances of any kind connected with the escape of the prisoners that might come to the public knowledge if some of them should be re-captured? Is there fear in any quarter that damaging facts may be disclosed should some of those prisoners be captured and brought back to the jail?

The least the people can do is to express their disapproval of this official indifference when they vote next Tuesday. Put the men out of office who are so neglectful of their duty.

Senator and Republican State Machine Chairman Dick is as quiet as the campaign. He fully realizes that any word for publication from him would have the effect of prejudicing his case.

MR. SMYSER REFERS TO MR. FULLER.
"As to my failure to answer Mr. Gompers, I beg to say that I did not answer his letter because it seemed to me that the interrogations from organized labor in its various branches would more properly come from the various organizations of the district. In other words, that organized labor in the 17th District knew more of its needs by way of legislation, than any one else could possibly know; and I further thought that your particular representative at Washington, Mr. Fuller, whose friendship I had, could speak for you with more accurate knowledge than Mr. Gompers."

M. L. SMYSER.

MR. FULLER SAYS VOTE AGAINST SMYSER.
"When he (Smyser) was appealed to he ignored our appeal."
"Mr. Smyser's action in this connection was a failure on his part to carry out a written pledge made to a large and very important part of his constituency."
"I believe that all fair-minded laboring men who have an interest in legislation for their own betterment will agree that Mr. Smyser's record is not one which entitled him to the support of either the railroad employees or any other class of workers."

H. R. FULLER,
Legislative Representative.

It was the Democratic members of Congress who stood by President Roosevelt at the last session. What ever support was given Roosevelt and his reform measures by Republicans was due to the fact that the Democratic members at his back forced them to do it. If you want a Congress elected that will stand by the President, vote for the Democratic candidate.

All the rural mail routes that are established in Licking county were gotten by those Democratic Congressmen John A. McDowell and John W. Cassingham. Martin Luther Smyser did not get a single rural route for Licking county and might have for any county in the entire district. Any claim he is making to the contrary is not true and he is seeking votes on false premises.

The Columbus Evening Dispatch, a paper that generally supports the Republican ticket and principles, prints this which is rather warm comment: "The convincing arraignment of Cox, Foraker and Dick by Candidate Samuel A. Hoskins in his recent Marysville speech was certainly not deficient in directness of statement. He hit hard from the shoulder, and what he said had back of it the forcefulness of truth. The indefensible Cox, the scheming Foraker and the impertinent Dick fell under the rays of his powerful searchlight of facts in quick succession. The evidence was conclusive and the indictment complete." The campaign which the Democratic nominee for secretary of state is making is one that will have its effect on the returns next Tuesday. Mr. Hoskins is driving the truth home to the voters wherever he speaks, doing so in a way to convince them that their duty this fall is as plain as it was a year ago when they defeated the head of the Republican ticket and made the legislature evenly divided.

Compare the Platforms.
(Wooster Daily News.)
The Republican platform for the 17th district, upon which Judge Smyser is a candidate for Congress, says nothing for labor and makes no statement that is plain and that the voters may understand.
Contrast this with the statement in Mr. Ashbrook's platform which promises to the people of the district the following:
"That we are opposed to government by injunction and steps should be taken by Congress to define the remedy and limit its operation."
"That we favor the passage of laws that will guarantee to capital and property a just return for the investment and adequate protection, while at the same time guaranteeing and securing to labor a just return for labor and an equitable division of the wealth created."

"The Republicans failing to nominate a candidate known to stand for high moral ideals, can expect little else than defeat at the polls this fall. The promise to secure appropriations for a few public buildings will not bolster up the IMPERANCE AND IMMORALITY of any candidate."
—Wooster Herald.

The support which the Republican newspapers in Columbus are giving to the Cox-Foraker-Dick ticket is the kind of support that hurt

A CARD

From Mr. Harry Hamilton Who Talks Out for Labor Union Consistency.

Editor Advocate—In answer to the scurrilous article in last Saturday's American Tribune charging us as a henchman and stigmatizing us with "injecting politics" into the Trades and Labor Council we would simply ask: What explanation can the A. T. give in defense of the Secretary of Typographical Union No. 69, who is also Treasurer of the Trades and Labor Council, District Organizer of the American Federation of Labor and an employee of the A. T. job room, who first began "injecting politics" by accompanying a couple of alleged professional politicians to Coshocton in an endeavor to compel the Trades and Labor Council of that city to rescind its former action in condemning the labor record of M. L. Smyser? Was he not "injecting politics" when he traveled over the district as a labor union representative on several secret political missions in this campaign? As to ourselves we do not deem it consistent to support a candidate of Smyser's labor record and continue to pay the 8-hour assessment of our union.

Human "Steam"; Keeping It Up

The Secret Of That Tireless Energy Some People Possess.

There is another kind of steam than that which the boy James Watt was using his mother's teakettle, first great principle of steam, that long ago have become familiar.

Less other kind of steam is human steam. And it is the most important factor in our affairs.

Some people call this human "steam" by other names. They call it "push" and "pull," or "hustle," or "get-up," or "go." Well, it's all of these, but after all it's just "steam." It's the power to do things—a seemingly tireless power that's strong in body and mind. It keeps up their "steam."

When Malta-Vita comes from the ovens, every flake baked crisp and brown, it is the most delicious and most healthful food in the world, containing only one per cent of moisture. The other 99 per cent is nutrition, digested most readily, even by the weakest stomach, because the gelatinized starch of the thoroughly cooked wheat has been converted by fine malt extract into maltose, or malt sugar.

There's no other food like Malta-Vita. None "just as good." Sold by all grocers, 19 cents.

Answer Filed.
In the case of Moon & Le Grande vs. Alsford, McConnell & Shrader the defendants have filed their answer to the petition of the plaintiff suit for breach of contract in failure to deliver a quantity of hay. The defendants deny the allegation and ask that they be dismissed with their costs. They also ask judgment against the plaintiff for hay delivered for \$79.67. A. A. Stusel, attorney for defendant.

Motion Filed.

An Answer Filed.
In the case of George Naylor, administrator of the estate of Lawrence Naylor, deceased, against the City of Newark and the Hoster Columbus Associated Breweries Company, the defendant Breweries Company, by Kibler & Montgomery, attorneys, has filed an answer. They allege that the death of Lawrence Naylor, a boy, who on the 12th of September last was killed by the overturning of a counter standing in an alley near the Everett Glass Works which had been placed there by the Brewing company, resulted from the neglect of the boy in playing on the counter, and from the contributory negligence of the boy's father, who it is alleged, moved the counter from the place where it had been placed by the defendant, and left it in an insecure position, so that the same was overturned when the children were playing on it. The answer denies any negligence on the part of the defendants and says that the child and its father had been repeatedly cautioned and warned of the danger from the children playing up on the counter.

Decision is Reserved.
The case of Charles R. Hartshorn vs. William C. Barnett and others, was argued before Judge Seward on Monday. It involves the legality of a warrant issued by the Board of Education of Newark township in favor of Barnett for hauling children to school in the Goose Pond district. The decision of Judge Seward has been reserved. Kibler & Montgomery, attorneys for the plaintiff, and Hunter & Hunter for the defendant.

Case is Settled.
The case of Jacob M. Farmer vs. the Franklin Bank company and also the Franklin Bank company vs. Jacob M. Farmer, which involved a controversy growing out of the assignment of William T. Tracy, has been amicably settled between the parties and the cases dismissed. Kibler & Montgomery represented the bank and J. R. Fitzgibbon represented Mr. Farmer.

Case Divorce Granted.
Tuesday afternoon Probate Judge Brister granted Lulu C. Case a decree of divorce from Jesse M. Case on the grounds of drunkenness and extreme cruelty. Fulton & Fulton attorneys for the plaintiff.

Action for Divorce.
Josephine Baker has filed a petition in the Common Pleas court asking for a divorce from Edward Baker to whom she was married on January 7, 1904. Plaintiff says that she is 22 years old and that no children

have been born of the marriage. She says her husband, without any cause deserted her on May 12, 1906, and has never returned or written to her, nor has she been able to learn his whereabouts. She says he left her in destitute circumstances. She says that while they were living together as man and wife he, her husband, kept company with other women, representing himself as a single man. She also charges him with extreme cruelty. Norpell & Norpell, attorneys for plaintiff.

Says She Demanded Pay.
Attorneys Norpell & Norpell, on behalf of Seabird H. B. Cochrane, have commenced proceedings in the Common Pleas court for divorce from his wife, Sarah C. Cochrane. Plaintiff says he was married to the defendant in Lancaster, O., on January 29, 1897, and that one child was born to them who died four years ago. He says his wife refused to do anything for him except for pay, requiring him to pay for his lodging and board the same as a total stranger, and absolutely refusing to perform the duties of a wife except for pay. He says his wife deserted him in May, 1905, and abandoned her home, and has ever since refused to live with him. Plaintiff also says that for the past seven years of their married life his wife constantly nagged him, finding fault with him, treating him with indifference and contempt and that it has been impossible for him to do anything to please her or satisfy her.

FINE IMPOSED IS THE LIMIT

BUT ONLY ONE OFFENSE WAS TAKEN INTO ACCOUNT BY JUDGE AT FINDLAY.

Judge Banker Overruled Standard Oil Company's Motion for New Trial and Fixed Penalty.

Findlay, O., Oct. 30.—A fine of \$5,000 and costs of prosecution were imposed by Judge Banker in probate court against the Standard Oil company under the recent conviction by jury on the charge of violating the state's anti-trust laws. Before passing sentence Judge Banker overruled the motion for new trial filed by the Standard's attorneys.

The fine imposed by Judge Banker was the limit for one offense, though the law stipulates that each day that the illegal combination business is carried on constitutes a separate offense. Taking this view of the statutes it was possible for the court to impose an aggregate of fines amounting to over \$6,000,000.

On motion of the defense, the court ordered that the defendant company be allowed forty days in which to prepare and file its bill of exceptions in the case, and on another motion by Standard attorneys, J. O. Troup of Bowling Green, O., and S. H. Tolles of Cleveland, the sentence imposed was ordered suspended for sixty days for the purpose of filing a petition in error in the case.

The criminal informations pending against John D. Rockefeller, the Buckeye Pipe Line company and the Manhattan Oil Co. were continued to the next term of court.

GRANVILLE NEWS

Granville, Oct. 30.—The people of Granville have responded nobly to the call for assistance in the case of Mr. Charles Duerr, who had the misfortune to have his greenhouse ruined by the fire of Sunday morning. Mr. Duerr had invested his all in the business and to have the means of his livelihood swept away from him in a few hours appealed to the hearts of Granville people most strongly. Several petitions were immediately set in circulation among the people of Granville and that they are responding in a manner that will make light the heart of Mr. Duerr is evident from the fact that Mr. Edward Smoots alone secured \$108 on his paper among the business men of the village. It is thought that when all the subscriptions are in several hundred dollars will be realized, which will enable Mr. Duerr to tide the current until he gains another start.

Mr. Morgan Jones and daughter Miss Mary, who live on the farm of Rev. F. C. Wright, two and a half miles south of Granville, have been away from the farm for a few days on a visit to friends. During their absence Mr. Wright and daughter Miss Jessie have been looking after the farm. Mrs. W. H. Jones of Mt. Vernon, a daughter of Rev. Mr. Wright, spent Sunday with them.

The gas well on the Thomas Hayes farm in Union township is expected to come in at any hour.

Mrs. E. S. Shegerton is visiting her daughter, Mrs. Dr. Pomroy in Boston, Mass.

John Parrell spent Sunday in Delaware. There is an attraction that draws John over to that city quite frequently of late.

PILES CURED QUICKLY AT HOME

WITHOUT PAIN, CUTTING OR SURGERY—INSTANT RELIEF.

We Prove It—Sample Package Free.
Seven people out of ten are said to have Piles. Not one man in a million need have them and we are proving it every day at our own expense. We send a sample package of the wonderful Pyramid Pile Cure to any person absolutely free.

We don't do this as a matter of amusement or philanthropy, but because it is to our interest to do so. We know that the sufferer from piles, tormented and driven almost crazy by this wretched trouble, will find such immediate relief that he will go at once to his druggist and buy a box and get well.

We know that we have got the greatest remedy in the world for piles, and we are ready and willing to stand or fall by the verdict of those who make the trial. We have been doing this for some years now and we never yet have had occasion to regret it.

And the remedy at the drug store is exactly the same as the sample we send out. As, for instance, here is a man who got such immediate relief from the sample that he at once bought a box. Was it just the same? Doubtless, since it cured him after all sorts and kinds of things had failed.

Here is a sample of the kind of letters we get every day and we don't have to ask for them:

Received your samples of Pile Cure and have given it a fair trial and it has proven the best I ever tried and effected a complete cure. I can recommend you highly in this vicinity. Have used your sample and one box and it has been a complete cure. It has been worth \$100 to me.

Thanking you for the sample and the cure, I will recommend you to everybody. Yours respectfully, Julius Mayer, Dealer in Feathers, Ginseng and Hides, Bedford, Ind.

Pyramid Pile Cure is for sale at every druggist's at 50 cents a box or if you would like to try a sample first you will receive one by return mail by sending your name and address to The Pyramid Drug Company, 59 Pyramid Building, Marshall, Mich.

"1" BOWLING CONTEST.

The gold fobs for the winners in the Y. M. C. A. bowling contests have arrived and are on display in the window of Edmiston's bookstore. The medals are handsome products of the engraver's art and are well worth an effort to win them.

The bowling contest will open at the alleys within a few days and all Y. M. C. A. members are eligible to entry. At the end of the first week the three fobs will be awarded to the three bowlers whose averages are the highest. The next week, the holder of the high averages are entitled to the fobs so they may never be in the same hands twice, although every bowler has an equal chance to win them. These fobs are the official Y. M. C. A. medals, and are recognized as such all over the country.

NEW PHILA. HIGH WILL PLAY HERE NEXT SATURDAY

THEY DEFEATED NEWARK HIGH LAST YEAR 33 TO 0 BUT THE GAME WILL BE FAST.

Newark has a strong trio of players in Nehls, Upson and Conley—A Game Saturday.

The Newark High football squad though greatly pleased at their showing against Mr. Vernon Saturday were out last night for hard practice in preparation for their game with New Philadelphia High next Saturday at Wehrle park. Last year New Philadelphia sent Newark home with a 33 to 0 defeat but this year the locals are confident of a different story. This will probably be the hardest fought and fastest home game of the season.

Mr. Vernon people were somewhat surprised at the playing of several members of the Newark team. Mr. Vernon writers in speaking of the game Saturday, notice particularly the work of Nehls, Corley and Upson. This trio of players will make a number of the stars of Central Ohio go some for high honors.

The Mt. Vernon team are strong contenders for the state champion ship this year. Nehls is particularly strong, his line bucking being a feature of ever since this year. His feat of kicking a goal from the 45 yard line stands in itself as a high school record. Newark people do not appreciate yet just what kind of football the local team is putting up but should turn out to one of the games and see how fast and snappy a team can play.

NOTICE OF SCHOOL BOARD ELECTION.

Whereas the Board of Education of the School District of the City of Newark, Ohio, did, at a regular meeting of said Board held on the first day of October, 1906, duly adopt the following resolution, to-wit:

"Whereas the High school building of the City of Newark no longer furnishes adequate accommodations for the number of students attending the same, and the average annual increase in the number of students in said school is from thirty to forty, it is apparent that both the present and future welfare and prestige of said school demand an enlargement of the same; and whereas the estimated cost of the enlargement of said building so as to provide for the present and future growth of the population of the City of Newark, is about \$65,000. And, whereas, the funds at the disposal of the Board of Education or that can be raised under the provisions of Section 2904 of the Revised Statutes of Ohio, are not sufficient to accomplish said purpose and a bond issue is necessary.

"Be it Resolved by the Board of Education of the school district of the City of Newark, Ohio, that he question of the issuing of the bonds of said school district for the amount so estimated, be submitted to the electors of said school district at the general election to be held on Tuesday, the sixth day of November, 1906, and that the Deputy State Superintendents of Elections for said school district are hereby authorized and requested to submit the question of the issuing of the bonds of said school district for the sum aforesaid to the electors of said school district at said November election according to the law in such cases made and provided.

Now, therefore, notice is hereby given that the proposition to issue the bonds of said school district for the estimated sum of \$65,000, to build an addition to the high school will be submitted to the electors of said school district to be voted upon at the regular election to be held on the 6th day of November, 1906, at the usual voting places in said district. Electors of said school district who reside outside the corporate limits of said City of Newark are entitled to vote at the voting precincts nearest their places of residence.

W. C. T. U. Resolutions.
Hartford, Conn., Oct. 30.—Resolutions denouncing King Leopold II of Belgium as the author of conditions in the Congo Free State, which are characterized as "atrocities," calling for the exclusion of Reed Smoot from the United States senate, because of his relations with the Mormon church; opposing the sale of beer or other intoxicants at army posts; advocating the making permanent of the temporary prohibition of the sale of beer at national soldiers' homes, and declaring in favor of the right of suffrage for women, were adopted by the National Women's Christian Temperance Union.

SMOKING A CIGAR.
Curious Bar That Shows an Impossible Way of Smoking.
"I have a customer who thinks he smokes twenty Wadsworth Bros. Chicos a day," said Collins & Son. "As a matter of fact, he gives away a good many, but is firm in his belief that he smokes more cigars than any other man in Newark. He says he is willing to bet that no man can smoke even one cigar continuously until it is consumed without taking it from his lips, and he has won a good many boxes of Chicos on this simple bet."

"Of course this man's trade keeps us buying Chicos right along, but aside from what we sell him, Chicos have the largest sale of any cigar in our case."

"We warrant it clear Havana filler, and although it sells for five cents it is equal to any ten cent goods. We cannot recommend it too highly." 025-30-11.

THE GREAT WESTERN

STATE NEWS

Tax Paying Time.

Cleveland, O., Oct. 30.—The circuit court handed down a decision which holds that County Treasurer Madigan cannot enforce his announced intention of collecting a penalty on all taxes not paid prior to Dec. 20. It has been the rule heretofore, that an extension of 30 days has been granted from Dec. 20 for taxes to be paid. The new salary law, which goes into effect Jan. 1, takes the place of the fee system, and County Treasurer Madigan announced he would enforce the payment of the usual 5 per cent penalty on all taxes not paid by Dec. 20, notwithstanding the order of the county commissioners granting an extension of 30 days.

Was Weary of Life.

Toledo, O., Oct. 30.—While her husband was at the breakfast table Mrs. Susan Leland calmly went to her bedroom and shot herself through the abdomen with a revolver, dying almost instantly. Several months ago Mrs. Leland threatened to commit suicide, saying that she was tired of life. After she had partaken of a hearty breakfast she went to her room and secured her husband's revolver with which she killed herself.

Suicided With Acid.

Athens, O., Oct. 30.—Despondent over the loss of \$500 by the failure of a local firm of contractors, George W. Ullum, 60, owner of a large plumbing establishment here, attempted to commit suicide by drinking muriatic acid. As soon as he drank the acid he notified his niece, with whom he lives, of what he had done, and medical aid at once was summoned. There is little hope of his recovery.

Demands of Railroad Men.

Cleveland, O., Oct. 30.—Demands for a shortening of the work day and an adjustment of the wage scale were presented to all division superintendents of Pennsylvania railroad west of Pittsburgh by the Brotherhood of Locomotive Firemen and the Brotherhood of Railway Trainmen. Similar demands, it is said, will be presented by the engineers. The Pennsylvania, it is declared, maintains a 12-hour work day, as against the 10-hour day of other lines, and according to the men want over time on all work over eight hours, though it is said they are willing to compromise on the basis of hours of other railroad systems.

POSTAL CLERKS

Deserve \$165 More for Expenses—Court Rules They Are Always at Headquarters.

Washington, Oct. 30.—Why should a railway postal clerk pay his own expenses when away from home on government business, although every other employee of the government is allowed an expense account under similar conditions?

I don't want to know, but the railway clerks do. They want Congress to answer the question and they want an answer in the shape of an appropriation that will mean something like \$165 a year to them. And that's a whole lot of money to the 14,122 men whose average salary is \$1066 per annum.

Take the case of a clerk running from Washington to Pittsburgh. For several hours before the run begins he's working in the car that stands in the Washington yards. By the time he's reached Pittsburgh, he has been working steadily for some 15 hours. He will have been compelled to pay for two meals en route. Then he'll have to stop over at Pittsburgh for eight or ten hours and he'll have to pay for a bed. Counting only 35 cents for each of the meals and the same amount for the bed, it will amount to about \$165 annually. And he's compelled to dig down into his own jeans for it, because the courts have ruled that a postal clerk is always at "headquarters," because their cars are their headquarters, and consequently they can't draw on the appropriation made to cover expenses incurred while on active duty and away from "headquarters." Now the railway postal clerks will ask Congress to so amend the law as to give them an even show with the rest of the boys.
